

The next section of the [Price Action Masterclass](#) will cover classical charting principles:

[Classical Charting](#) — Each technical analysis method has advantages and drawbacks. In this video we discuss the pros and cons of classical charting.

[Price Patterns](#) — This lecture explores all the chart setups we use to execute trades. The key is to avoid “Rorschach analysis” and only focus on what’s clear.

[Entries](#) — We explain how we enter positions with either a breakout, breakout failure, or retrace. We also dissect what a quality breakout bar looks like.

Your Macro Operator,

Alex
