THE LONG PULL: The Macro Ops Trifecta Lens Screening Process

Hey guys!

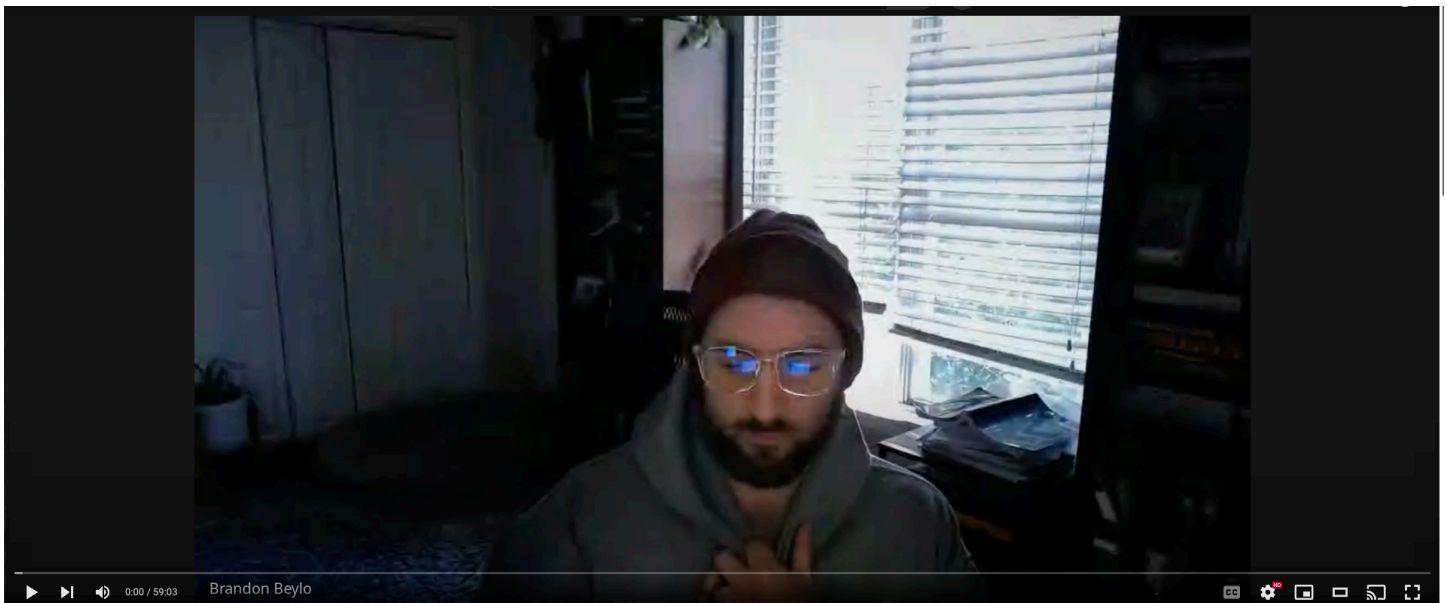

I wanted to change things up this week and do a video-based *Long Pull Report*. Last year, many Collective members said that they would like more multimedia/video-based reports.

This week, I discuss my investment idea generation process through our Trifecta Lens philosophy.

I had a blast filming this. Let me know if you guys want more videos like this one.

You can watch the video [here](#).

I hope you guys enjoy it!
